

WOOD INDUSTRY

FINISHES

LACQUER & CLEARCOAT	Nozzle	Aircap
4100 XTREME Gravity	1.4 / 1.6	96 / XT01
3300 GTO Gravity	1.4 / 1.6	EPA / EVO
4100 XTREME Pressure	1.2	XT01B
3300 GTO Pressure	1.2	EPA
Mini XTREME Mix	11/40 EF	Xtreme
V6 (low pressure)	1.2	380
V7 Mix (high pressure)	11/40 - 13/40	Xtreme

Parts painting,
furniture and small production

High production and large pieces,
doors, windows, panels

High pressure painting with mixed
system, high viscosity,
max. production

Automatic painting, low to high
viscosity finishes

WATER BASE HIGH VISCOSITY	Nozzle	Aircap
4100 XT G + presurizador	2.8	62S
4100 XTREME Pressure	1.8	76S
Mini XTREME Mix	13/40 EF	Xtreme

High pressure painting with mixed
system, high thickness

LOW PRODUCTION	Applications
612	Furniture or parts painting with maximum 2.5 L
610 / 6110 INOX	Furniture or parts painting with maximum 10 L
MIDDLE PRODUCTION	Applications
DM 1/300	Manual application of medium viscosity finishes
RAIDER 300 Mix	High pressure application of high viscosity finishes
HIGH PRODUCTION	Applications
DM 1/400	Manual/automatic application of medium viscosity finishes
MACK 150 Mix	High pressure application of high viscosity finishes
VERY HIGH PRODUCTION	Applications
HT 10 / HT 15 / HT 25	Automatic application of all types of finishes

w w w . s a g o l a . c o m

DYES

DYES	Nozzle	Aircap
4100 XTREME Gravity	1.3 / 1.4	XT03 / XT01
3300 GTO Gravity	1.3 / 1.4	HVLP / EPA
Mini XTREME Gravity	1.2 / 1.3	miniHVLP / miniEPA
4100 XTREME Pressure	0.8 / 1.0	XT03 / XT01B
Mini XTREME Pressure	0.8 / 1.0	miniHVLP / miniEPA

Furniture, refurbishing and parts with much color variation

High/medium production, low color variability, manufacturing

MIDDLE PRODUCTION	Applications
610 / 6110	Manual applications with up to 10 L

HIGH PRODUCTION	Applications
DM 1/300 - 1/400	Manual/automatic continuous production

PRIMERS & SEALERS

SEALERS	Nozzle	Aircap
4100 XTREME Gravity	1.6 / 1.8	XT03 / 96
3300 GTO Gravity	1.6 / 1.8	HVLP / EPA

Manual application for parts or furniture, renovation, repair

Mini XTREME MIX	13 / 40	Xtreme
-----------------	---------	--------

High pressure painting with mixed system, high viscosities, maximum production

SEALERS	Nozzle	Aircap
4100 XTREME Pressure	1.2 / 1.4	XT01B
3300 GTO Pressure	1.2 / 1.4	EPA

Continuous production, large surfaces, doors, boards

V6 (low pressure)	1.4	380
V7 Mix (high pressure)	13/40-15/40	Xtreme

Automatic painted, low to high viscosity finishes

MIDDLE PRODUCTION	Applications
610 / 6110 INOX	Manual applications with up to 10 L
RAIDER300 Mix/MACK150 Mix	Manual application, high thickness, high productivity
HIGH PRODUCTION	Applications
DM 1/300 - DM 1/400	Manual/automatic continuous production
MACK 320/320 Mix	Maximum productivity with high viscosity
VERY HIGH PRODUCTION	Applications
HT 10 / HT 15 / HT 25	High volume paint supply for automatic lines

AIR CONDITIONING

FINISHES	Applications
4220	Maximum air quality for lacquers and varnishes
4120	Varnishes, lacquers, dyes and general finishes
479 Plus	Sealers and general finishing
